

General Information

PARENT VOLUNTEERS

We are always on the lookout for parent help here in the Franklin Community Schools! We realize that many of our parents work, and it is impossible for you to spend time during the school day. We understand. There are other things you can do to help. Please feel free to call us anytime to volunteer your services! Research shows that students who have involved parents do much better in school and have a much better attitude toward learning. We thank you for any and all help you can give us! Any parent/grandparent/guardian who wishes to chaperone a field trip or participate in any school sponsored activity with children MUST have a criminal history background check. Background checks must be done through the school office no later than two weeks prior to the event in which you plan to participate. Chaperones for field trips may NOT bring younger siblings/children on field trips. Not every field trip will require parent chaperones, and often we need to limit the number of chaperones based on the type of field trip.

FRANKLIN COMMUNITY SCHOOLS PRESCHOOL AND BEFORE AND AFTER SCHOOL CARE

Franklin Community Schools now offers a preschool program at Creekside, Northwood, and Webb Elementary Schools. Our preschool program is called Cub Academy and offers both full day and half day options. Please visit www.franklinschools.org or call Mrs. Katie Smith at 317-346-8200 for more information. You can also email Mrs. Smith at smithk@franklinschools.org.

Franklin Community Schools also offers an affordable before and after school care option for parents called Cub Care. This program replaces the popular ACE (Afterschool Care Experience) and is offered at all five elementary schools and CBIS. Cub Care is available from 6 AM until school starts and also from school dismissal until 6 PM. For more information on this program you can contact any elementary school office to sign-up. You can also contact Heather Richards at 317-738-5800 or email her at richardsh@franklinschools.org.

NO SMOKING POLICY

Franklin Community Schools are committed to the health of its students and employees. In order to provide a healthy learning and working environment and to fulfill the responsibility as an educational facility, the Board of School Trustees has adopted the following policy, revised 7/06

SMOKING WILL NOT BE PERMITTED ON ANY PROPERTY OF THE FRANKLIN COMMUNITY SCHOOLS

EMERGENCY CLOSING INFORMATION

All of the schools in the Franklin Community Schools will be open on all regularly scheduled days unless closed by the Superintendent of Schools because of an emergency. When the schools are confronted with an emergency, such as extreme road conditions, mechanical failures, energy shortages, or other unforeseen difficulties which may necessitate the closing of school for an entire day, an announcement will be given to radio and television stations prior to 6:15 AM and repeated at regular intervals thereafter. Also, the school corporation will utilize its Blackboard Connect automated phone call system, Facebook, website, Twitter, and the mobile app for the iPhone and Android to rapidly contact families. Please make sure your contact information is up-to-date with your child's school so that you receive this information. Please also "like" your school's and the district's Facebook pages.

HOMEWORK POLICY

Our definition of “homework”: School assignments to be completed outside of regular school hours. Our staff is committed to assigning homework practices that conform to the following:

1. Appropriate to student’s age, capabilities, and home conditions with consideration to a student’s time commitments for families, community, and extra-curricular activities.
2. Reasonable in terms of total amount of homework assigned to students during any one time period.
3. Specific in terms of school expectations of student’s work and directly related to content or subject being studied.
4. Understood by the appropriate staff members, students, and parents.
5. Committed to the improvement of student scholarship.
6. Consistent with curriculum goals and objectives.
7. Flexible in application to the diversity of individual situations.

As a general rule, teachers will allow one day to make up work for every day a student is absent. Of course, there are always exceptions to the rule, especially if you make special arrangements with the teacher. If your child’s absence is unexcused, we take the position that no additional time will be allowed for make-up purposes.

DISTRICT GRADING SCALE

The Franklin Community Schools have adopted a corporation-wide grading scale:

90-100%	= A
80-89%	= B
70-79%	= C
60-69%	= D
0-59%	= F

REPORT CARDS

Report cards are sent home after each quarterly grading period. Parents also have access to the online parent portal to access grades, attendance information, and current progress on assignments. The link for this online access is found on each school’s website, and instructions are sent home to create a log-in. Parents can also have a daily or weekly email digest emailed for added convenience. Any difficulties or questions can be directed to the school office.

HONOR ROLL

Students in grades 3 and 4 are eligible for the Honor Roll. There are two honor rolls: an “A” honor roll where students have received all A’s on their report card, and an “A/B” honor roll where students have received all A’s and B’s on their report card. Behavior grades and special area grades do not count because it is an academic honor roll. Students receive honor roll recognition each 9-week grading period and at the end of each semester.

PARTY INVITATIONS AT SCHOOL

Party invitations may not be passed out at school unless the whole class is receiving one, or all the students in the class that are the same sex as the student having the party. It can be very hurtful to those not invited if they see others receiving invitations.

VISITORS AT RECESS

For supervision reasons, no parents, guests, or visitors are allowed to attend recess with students without prior approval from the building principal.

ARRIVAL AT SCHOOL AND PARENTS WALKING STUDENTS TO CLASS

For school safety and to maintain a safe and orderly arrival at school, parents should refrain from parking and walking their child into school or to their classroom after the first week of school. Children start their day quicker and easier when they walk to their classrooms independently. Parents should either have their children ride the school bus to school, or utilize the car rider lines at their child’s school for arrival each day. Parents should follow each school’s procedures for arrival at school.

OUTDOOR RECESS POLICY

It is always best for our students to enjoy as much physical activity during the school day as possible, and with this information in mind, outdoor recess is an important part of each child’s school day. Our elementary schools use the following guidelines to make a determination about going outside to recess during the winter months:

If the weather “feels like” 25 degrees and above (considers wind chill factor), then we will have outdoor recess. Students should wear appropriate winter coats, gloves/mittens, hats, and/or scarves will be expected. Medical conditions must have appropriate documentation from the doctor to deviate from the normal recess plan. Also, rain, lightning, slick conditions, or other outdoor hazards could cancel outdoor recess as well.

ELECTRONICS AT SCHOOL

Electronics such as mobile phones, portable video games, iPods, phones, smart watches, etc. are at risk of being stolen or broken and it is recommended that these devices be left at home. In the case that a device must be brought to school, it must be turned-off and stored in the student's backpack and not accessed during the school day. However, as the Franklin Community Schools moves to implement Bring Your Own Device (BYOD) policies at each elementary school, secure and monitored Wi-Fi access is available to students for educational purposes only. If a classroom or school begins to allow students to bring their own devices and access our Wi-Fi network, families will be notified of this change and the school district's Acceptable Use Policy is in effect.

PETS AT SCHOOL

Due to allergies, health issues, and liability, no pets are allowed at school. Individual classrooms may have classroom pets as approved by the principal. The only outside animals allowed in the classrooms are service animals such as a seeing-eye dog, therapy dog, or police K9. The school board policy on this issue will be followed.

EMERGENCY DRILLS

Fire drills: Once a month, in accordance with Indiana Code, our elementary schools will hold a fire drill. We do this to practice and remind ourselves of the proper procedures that must be followed in the event of a real fire. These procedures are in place to assure for the maximum amount of safety. The teachers will go over specifics of the procedures, but two rules are for everyone: walk at all times and no talking.

Disaster drills: at least 4 times during the school year we will be practicing tornado and earthquake drills. Both can be a fact of life here in the Midwest. We have not had an earthquake in many years, but we will be prepared in the event of one. Severe weather is always a threat, especially in the spring. Again, the teachers will go over the specifics, but the same two rules apply.

Lockdown drills: we will have lockdown drills at least twice during the school year

PROMOTION AND RETENTION

The awarding of marks and decisions relative to promotion or retention of students is the sole and serious responsibility of their respective teachers and principal. It is very important that parents be consulted and well informed at an early date when retention is advisable. Every effort should be made to encourage parents to visit the school and confer regarding their children.

Elementary school principals are authorized, with the approval of the superintendent of schools, to place any student in grades K through 4 at a grade level which is commensurate with the child's abilities, training, and social development so as to be conducive to the child's success in school. The parents or guardians of any child whose grade level needs to be altered should be advised of this in a personal conference. If an agreement cannot be obtained for an immediate change, the principal may do so after the child has attended school for at least four weeks and the evaluations of the grading period(s) indicate that the need for the change in grade level placement still exists.

Attendance Policy

The School Board requires all students enrolled in the schools of this Corporation to attend school regularly in accordance with the laws of the State. The Corporation's educational program depends on the consistent presence of all students to achieve continuity of instruction and a successful educational climate.

ACCEPTABLE REASONS FOR ABSENCE

The Corporation recognizes the following acceptable reasons for absence from school:

- Professional Appointments (i.e. doctor, dentist, therapist)
Proper documentation as outlined in this policy will be required.
- Required Court Attendance
- Death in the Immediate Family
- Observation of a Bona Fide Religious Holiday
- Personal Illness
- Out-of-school suspension
- Such other good cause as determined by law

UNACCEPTABLE REASONS FOR ABSENCE

Any absence from school not authorized or in violation of this policy is considered unacceptable.

Elementary

1. All absences must be reported to the school office. A parent/guardian must call the school to report the absence by 7:40 am.

2. Upon the 7th absence, a parent/guardian will receive a warning notice informing him/her of the number of absences from school.
3. Upon the 10th absence and thereafter, failure to provide documentation from a physician will be considered to be in violation of this policy. On the 10th absence, a letter is issued from the school as verification of the student's attendance at school.
4. Upon the 10th absence, the school will send a notice to Johnson County Community Corrections for further action.

TARDINESS

The prompt arrival of students prepares them for success the entire day. Students who report late to school must check in at the main office to obtain admittance to the building.

1. When a student has reached his/her 5th tardy, a letter is sent from the school notifying the parent.
2. Upon the 10th tardy, the school will send notice to Johnson County Community Corrections for further consideration.

PROFESSIONAL APPOINTMENT REQUIREMENTS

Notice of appointment will be required upon return to school. The documentation must contain the following to be considered an acceptable absence:

- Name of Student
- Date and Time of Appointment
- Return date to School
- Any limitations and their duration

Failure to produce documentation will result in a violation of this policy.

PRE-ARRANGED ABSENCES

Pre-arranged absences will be considered an unacceptable absence and subject to the 10 day rule in all three school levels. Prior to the absence, parents are expected to notify the school of the absence.

HABITUAL TRUANCY

Habitual Truancy is defined as the willful refusal to attend school in defiance of parental authority. Consequences for students who are identified as habitual truants are contained in the middle/high school handbooks.

CERTIFICATE OF INCAPACITY

If a parent does not send his/her child to school because of the child's illness or mental or physical incapacity, it is unlawful for the parent to fail or refuse to produce a certificate of the incapacity for an attendance officer within six (6) days after it is demanded. The certificate required under this requirement shall be signed by an Indiana physician or by an individual holding a license to practice osteopathy or chiropractic in this state or by a Christian Science practitioner who resides in Indiana and is listed in the Christian Science Journal.

APPOINTMENTS DURING THE SCHOOL DAY

If it is necessary for your child to leave school during the school day, parents are asked to notify the teacher and the office by note or phone. This is to ensure that they are ready to leave and will minimize disruption to the classroom. If for any reason the parent will not be picking up the child in person, they should notify us as to whom to expect. All persons picking up students must report to the office to sign the child out of school. We will call for the student on the intercom while you are signing him/her out. This is primarily for safety reasons in order to protect your child, and to keep disruptions at a minimum. The academics of our students are very important. Please make every effort to schedule appointments during non-school hours.

PARENT NEEDING TO SPEAK WITH STUDENTS DURING THE SCHOOL DAY

If you need to see your child between the hours of 7:40 a.m. and 2:25 p.m., the following will occur:

- Sign in at the front office.
- Your child will be called down from his/her classroom to meet you in the office.
- Sign out at the office when finished.

Following this procedure will cut down on the number of classroom interruptions during instructional and learning time during the school day.

ATTENDANCE AWARDS

The Franklin Community Schools wishes to recognize students with outstanding attendance habits. Therefore each school will establish a program recognizing those students that are exceptional in their school attendance.

Student Health and Clinic Information

HEALTH CLINIC GUIDELINES FOR SCHOOL EXCLUSION

1. **Oral temperature of 100.0° F or more**
Students with a temperature of 100° F or more will be sent home. The student should be fever free and fever reducing medicine free for 24 hours before returning to school. If the fever persists for 2 days, even without other symptoms, a physician should be consulted.
2. **Conjunctivitis (pink eye)**
If pink eye is suspected, students should be examined by a health care provider and approved for readmission to school, or remain home until the affected eye is clear and free of purulent drainage.
3. **Impetigo**
Impetigo is a bacterial skin infection characterized by pus filled red bumps that form on the face (particularly around the nose and mouth) or on the extremities. Diagnosis and treatment is required by a physician. Students should be kept home until 24 hours after initiating antibiotic therapy. Draining lesions should be adequately covered at all times with a dry dressing.
4. **Scabies**
Diagnosis and treatment is required by a physician. Students may return the day after treatment.
5. **Head Lice (Pediculosis)**
Students found with head lice will need to be picked up immediately from school. After treatment and upon returning to school, the student will be examined by the school nurse. If no live lice are found, students may return to school.
6. **Active Vomiting or Diarrhea**
Students should be symptom free for 24 hrs. before returning to school.
7. **Undiagnosed rash, if fever is present**

9. **Shingles**
Students may remain at school only if the site of outbreak can be kept covered and dry.
10. **Strep Throat**

12. **MRSA**
MRSA skin infections require diagnosis and treatment by a physician. Students with an abscess, boil, sore or skin lesion that is draining may remain at school only if the area can be kept covered and dry with a bandage. Any student with a draining skin eruption that cannot be contained and kept dry with a bandage will be excluded from school until cleared by a physician.

USE OF MEDICATIONS

The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child requires medication to benefit from his/her educational program.

Before any medication or treatment may be administered by school personnel to any student during school hours, the Board shall require the written prescription from the child's physician for all prescription drugs accompanied by the written authorization of the parent. In the case of nonprescription drugs, preparations, or remedies, a written authorization from the parent must be on file in the office of the principal.

All medications that are listed as a controlled substance must be brought to the principal's office or the school nurse's office by a parent or guardian. Only prescription medication in its original container; labeled with the student's name, date, and exact

dosage will be administered. Parents may administer medication to their child in the presence of Health Services personnel or designee once the above criteria are met. Parents must give written authorization for medication to be administered to their child by Health Services personnel or designee during school hours.

According to Senate Bill 376, any student in grades K-8 may not take any medications home from school. Parents must pick up medications from school. Parents can authorize, in writing, that someone 18 years or older may pick up the medication. Students will not be allowed to transport medications to or from school for any reason, as per Indiana Law and FCS guidelines.

INFORMATION ON MENINGOCOCCAL DISEASE

Indiana law requires each year that parents/guardians be informed about "meningococcal disease and its vaccines" (IC 20-30-5-18).

Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage and limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately there is an immunization available and the U.S. Centers for Disease Control and Prevention (CDC) recommends routine meningococcal immunizations at 11 to 12 years of age. This immunization is commonly called Menactra. Johnson County Health Department has this immunization available for free to those individuals who are eleven to eighteen years old and do not have health insurance that provides coverage for immunizations. To obtain this immunization please call the Johnson County Health Department for an appointment at 317-346-4368, or speak with your healthcare provider.

IMMUNIZATIONS

Indiana State law requires that parents or guardians of school age children enrolling in a school system for the first time submit one of the following types of information:

1. Documentation that the child is fully immunized.
2. Documentation that immunizations have been started with a schedule for completion.
3. An authorization for the new school to receive medical records from a prior school.
4. A written objection to immunizations due to religious or medical reasons.

For a complete listing of the immunizations required for your child, please visit <http://www.in.gov/isdh/17094.htm> or contact your child's school.

In accordance with Indiana law, please be advised that your child cannot be permanently enrolled and may be denied the opportunity to attend school unless written information of the type listed above has been provided to the school on or before the first day of school. The purpose of this law is to keep our school children healthy in order to take full advantage of the provided educational opportunities.

MEDICAL SCREENINGS

The following tests are given throughout the school year. If you do not want your child tested, you must return a signed, written statement to the school office as soon as possible.

Hearing Screening: In order to identify students with hearing losses, hearing tests will be given to all students in Kindergarten, first, and fourth grades, students transferred from other school districts, students suspected of having hearing losses, and students enrolled in speech therapy. If your child does fall in to one of the above categories, and you would like to have him/her tested, please notify the school office.

Vision Screening: Students in Kindergarten & 3rd grades, plus new students and referrals, will be given a vision screening (not an eye exam) during the school year by a nurse.

Discipline Policies

The superintendent, principal, any administrative personnel, or teacher of the school corporation shall be authorized to take any action in connection with students behavior, in addition to the actions specifically provided in this chapter, reasonably desirable or necessary to help any student, to further school purposes, or to prevent interference therewith, such action including such matter as:

- Counseling with a student or a group of students;
- Conferences with a parent or group of parents;
- Assigning students additional work;
- Rearranging class schedules;
- Requiring a student to remain in school after regular school hours to do additional school work for counseling; or
- Restriction of extracurricular activity

GROUNDS FOR SUSPENSION AND/OR EXPULSION

Public Law states that a student may be expelled for failure to comply with school rules, policies, and conduct detrimental to the smooth operation of the school.

FIREARMS AT SCHOOL

The state of Indiana has law concerning the possession of firearms on school property that requires that students identified as bringing a firearm to school or on school property; or in possession of a firearm on school property; be expelled for a period of one (1) calendar year, with the return of the student to be at the beginning of the first school semester after the one (1) year period.

IMPORTANT NOTICE TO STUDENTS AND PARENTS REGARDING CELL PHONE CONTENT AND DISPLAY

The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever a reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes exists. This would include information found on cell phones.

"Sexting" or using a cell phone or other personal communication device to send text, photographs, images or email messages reasonably interpreted as indecent or sexually suggestive is in violation of the student conduct code. Possession of text, photographs, images or email messages of such nature is also in violation of the student conduct code. In addition to taking any disciplinary action, phones will be confiscated and students should be aware that any images suspected to violate criminal laws will be referred to law enforcement officials.

REPORTING FALSE EMERGENCIES

Reporting or causing false emergencies is a serious matter. Students who cause a false fire signal, bomb threat, or any similar false emergency will be recommended for expulsion and a possible fine.

ZERO TOLERANCE BEHAVIORS

The responsibility for good behavior in our school is shared by the students, parents, and staff. Working together we can provide an environment that is safe, orderly, and conducive to learning. Therefore, it is necessary that students, parents and staff understand that any behaviors that disrupt education, threaten to or actually cause damage to people, or destroy property are forbidden. These behaviors have been classified as "Zero Tolerance Behaviors" and will result in a significant consequence from the school. Some examples of zero tolerance behaviors include:

1. Harassment or intimidation
2. Threatening behavior – either verbal or physical
3. Fighting
4. Disrespect to school personnel
5. Disruption of the educational process
6. Truancy
7. Possession of, or use of, tobacco products, matches, or lighters
8. Possession of, or use of, illegal drugs, or look a likes whether prescription or sold over the counter (without prescription), rolling papers, drug paraphernalia, or any substance represented to be illegal drugs
9. Possession of, or use of, alcohol
10. Possession of, or use of, fireworks
11. Possession of, or use of, laser pointers
12. Possession of firearms, knives, similar weapons, or items that look like weapons
13. Causing a false fire alarm, bomb threat, or similar false emergency
14. Destruction or damage to property

15. Theft or possession of stolen items
16. Any gang activity

BULLYING

Indiana law HEA 1423 defines bullying as: overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

1. places the targeted student in reasonable fear of harm to the targeted student's person or property;
2. has a substantially detrimental effect on the targeted student's physical or mental health;
3. has the effect of substantially interfering with the targeted student's academic performance; or
4. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Bullying is prohibited on school grounds, on a school bus, or at any school-sponsored activity. Conflicts with peers, horseplay, fighting are examples of behavior that is sometimes confused with bullying. These actions may not be allowed at school, but they are not bullying. Bullying is only occurring when the action or actions fully meets the Indiana definition of bullying as listed above.

The staff is diligent in promoting positive peer relationships and we work hard at squelching any type of bullying behavior. There is no room for bullying in our schools, and reported incidents will be dealt with swiftly and seriously. Our school counselors, principals, teachers, and staff work very hard to prevent bullying, and to investigate any possible occurrences of bullying. Please talk with your child about the negative effects of bullying and being bullied. If your child reports bullying to you, please notify his/her teacher, the school counselor, or the principal. You may call the teacher or principal directly to report bullying. You could also use the form on each school's website.

STUDENT DRESS CODE

Good common sense should prevail when it comes to considering what types and styles of clothing should be worn to school. Your child's attire and appearance at school must not cause a distraction in the learning environment. All of our elementary schools are climate controlled, so this plays a part in proper student dress. We ask that swim suits, halter tops, spaghetti straps, short shorts, and outfits that expose bare midriffs not be worn to school. Any articles of clothing that have profane, obscene, lewd, vulgar, and/or gang related designs or meanings are not permitted. Tobacco and/or alcohol slogans, designs, or meanings are not permitted. Hats, caps, and bandanas may not be worn in the building. It is recommended that all children wear safe shoes for recess activities, such as running, climbing, etc. Flip flops and other unsafe shoes are not permitted because students have recess daily and PE weekly. If sandals are worn, they need to be robust with secure strapping for athletic activities.

STUDENT SEARCHES

The principal, or another member of the administrative staff designated in writing by the principal and acting at the direction of the principal, may search the person of a student during any school activity if the principal has reasonable suspicion to believe that the student has on or about his or her person items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or items which are forbidden by State Law or School Rules. Searches of the person of a student shall be limited to:

- searches of the pockets of the student
- any object in the possession of the student such as a purse, back pack, briefcase, or gym bag, and/or,
- a "pat down" of the exterior of the student's clothing

Searches of the person of a student which require removal of clothing other than a coat, jacket, or shoes shall be referred to a law enforcement officer in accordance with this policy. Searches of the person of a student shall be conducted in a private room by a person of the same sex as the student being searched. At least one but not more than three additional persons of the same sex as the student being searched shall witness but not participate in the search. At the request of the student to be searched, an additional school employee of the same sex as the student, designated by the student, and then reasonably available on school premises, shall witness the search. The parent or guardian of any student searched shall be notified of the search as soon as reasonably possible, but prior notification to and consent by the parent or guardian is not required prior to conducting a search based upon reasonable suspicion.

Transportation Discipline

The Franklin Community Transportation Department prides itself on the safe and efficient delivery of all students to their intended destination. Video and audio recording occurs on school buses via the recording system built into the school buses. Normally only school district and school administrators are allowed to view school bus videos. In rare cases parents could be

allowed to view a bus video should it be deemed appropriate for the parent to see the video. This is left to the discretion of district and/or school administrators.

KNOW THE DANGER ZONES

- Every child must know the DANGER ZONES around the school bus.
- Children should never enter the DANGER ZONE.
- If a child must cross the street, make sure he/she makes eye contact with the driver and wait for the driver to signal before they cross in front of the bus.
- The 10 Giant Step Rule is a good measurement for children to identify the DANGER ZONE around the school bus, particularly when crossing in front of the bus.

School Lunch Information

School lunch prices are as follows. Please note that we are on a computerized system, so it would help us tremendously if you could pay by the week, two weeks, or month. All money will be deposited in your child's account. You may also deposit lunch money online, anytime at www.sendmoneytoschool.com.

	DAY	WEEK	TWO WEEKS	MONTH
Regular Breakfast	\$1.30	\$6.50	\$13.00	\$26.00
Reduced Breakfast	\$.30	\$1.50	\$3.00	\$6.00
Regular Lunch	\$2.60	\$13.00	\$26.00	\$52.00
Reduced Lunch	\$.40	\$2.00	\$4.00	\$8.00
Adult Lunch	\$3.00			

You are asked to make all checks payable to the school your child attends. If possible, lunch money should be sent the first day of the school week for the entire week.

It is the responsibility of the parents and/or guardians of each child to provide for their lunch on a daily basis, and there are options as to how this may be done. (1) Lunches may be purchased at the school on a daily or weekly basis; (2) a "sack" lunch

may be brought from home; or (3) lunches can be provided on a “free” or “reduced” rate as a result of applying and qualifying for free/reduced lunches through the National School Lunch Program. If your child is approved for free meals and you elect to send a “sack” lunch and milk is desired, there will be a charge for milk. Please be sure that there is money in the child’s account for milk purchases.

Elementary students meal accounts are now tracked by a computerized cash register system that records all student deposits and sales. Students, Parents, or Guardians may request meal histories from the food service manager, or may create an account at the sendmoneytoschool.com website to review the student’s account balance and/or monitor the account transactions. If there is a question on the account balance, please contact the building food service manager. Student lunch money account balances are carried over from school year to school year and between Franklin schools when a student transfers. Parents must request refunds (preferably in writing) at the end of the year, or when a student transfers out of the Corporation. Lunch loans and bad checks for lunches must be paid in full when a child withdraws from Franklin Community Schools.

Pre-payment is required due to the difficulty the Food Service Department has experienced in collecting unpaid charges. You are asked to make all checks payable to the school your child attends. If you have children attending several different schools, you may write just one check so long as you outline how you want the check funds to be divided among the students. Deposits are added before and after meal service so as to not interfere with student meal service. Deposits may be made at any time on the www.sendmoneytoschool.com site. On-line deposits will post to the student’s account within 15-20 minutes. A fee of \$1.50 per transaction is added for on-line deposits. During meal service, cashiers will remind students with low account balances to bring in additional money for deposit.

Families are required to pay for meal services provided for their child prior to approval for the free/reduced lunch/breakfast program. Families are also required to pay for food items not covered by the school lunch program, including extra milk and/or milk to go with sack lunches brought from home.

Families who qualify for free/reduced lunches are subject to income verification to confirm that they are eligible for the program.

No child will be denied a meal, however, if a child has a negative balance – that is, has “charged” three (3) meals, the student will be given an alternative meal of a peanut butter sandwich, fruit, and milk. A child may charge up to \$6.45. No extras may be charged at any time. Low balance notices will be sent home 2 times a week informing parents when their child’s account has a balance of \$6.45 or less. Negative balance notices will be sent home each day, that is, all accounts with a balance of less than \$0.00. Most low balance and negative balance notices are sent through an e-mail notification. Please notify your school if your e-mail address changes during the school year. If a student has a negative balance, once funds are deposited, the negative balance will be deducted first from the deposit. A positive balance must be maintained in order for the student to receive the regular meal.

There may occasionally be special instances where provisions can be made regarding charges. Parents/guardians must make special arrangement for those charges with the building principals who in turn will pass this information on to the Food Service Department.

If your child was on free or reduced price meals for the 2016-2017 school year, he/she will continue as such until September 27th. You must complete a new application each school year. You may complete an on-line application at the www.lunchapp.com site or your child can bring home a new form the first week of school. These forms MUST be completed and returned to the office as soon as possible in order for your child to remain on free or reduced price meals for the 2017-2018 school year.

In order to promote a healthy lifestyle, please remember that no fast food or soda is allowed to be eaten in our cafeteria. Please bring a home-packed lunch, or eat a school lunch when you visit our school for lunch.

Please be reminded that the State Board of Accounts does not allow our cafeteria funds to run in the red. Therefore, our students are not allowed to charge their lunches, except as outlined above.

PROCEDURE FOR STUDENT MEAL ACCOUNTS

The National School Lunch Program (NSLP) requires school food authorities to establish written administrative guidelines and procedures for meal charges. Franklin Community Schools will adhere to the following meal charge procedure.

All cafeteria purchases are to be prepaid before meal service begins. Parents/guardians may make deposits to student accounts by sending cash or a check to the building the student attends or by using the on-line site SendMoneyToSchool.com.

Elementary/Intermediate Schools

1. A student may charge up to 3 meals maximum (one charge per meal) as long as they establish and maintain a good credit history of making payments to their food service account. No child will be denied a meal, however, if a child has a negative balance – that is, has “charged” three (3) lunch meals, the student will be given an alternative meal of a peanut butter sandwich, fruit, and/or vegetable, and milk.
2. A child may charge up to \$7.50.
3. Low balance notices will be sent home 2 times a week informing parents when their child’s account has a balance of \$9.40 or less. Most low balance notifications are sent via e-mail. Negative balance notices will be sent home each day, that is, all accounts with a balance of less than \$0.00.

Special Arrangements

There may occasionally be special instances where provisions can be made regarding charges. Parents/guardians must make special arrangement for those charges with the building principals who in turn will pass this information on to the Food Service Department.

EATING LUNCH WITH YOUR STUDENT

We love to have parents eating lunch with their children! All visitors who wish to have lunch with a student must have a background check completed each school year. A background check can be completed at any Franklin school and is good for the rest of the school year. Also, any visitor other than a custodial parent who wishes to have lunch with a child should make sure to have parent permission. Please call ahead, by 9 AM, for a reservation so that we have enough meals prepared for our students. Then, please sign in and the office will direct you where to meet your child for lunch. Also, should the lunch visitor choose not to eat a school lunch but instead brings his/her own lunch, please do not bring fast food into our cafeteria because we are promoting healthy eating habits. Lunches brought into our cafeteria for adults or children should be healthy and should not include fast food or soda/soft drinks.

CLASSROOM FOOD POLICY

The Franklin Community Schools believe that children should be given the opportunity to learn healthy eating behaviors during the school age years both in the home and while at school. In accordance with this belief, the Corporation's Wellness Policy specifies that all foods available to students on campus during the school day and outside food service hours shall comply with established nutrient standards, that is, foods that are healthy choices. This includes food available to students as classroom snacks, from vending machines, for fund raisers, for classroom parties, or at holiday celebrations.

To assist parents/guardians in complying with our Wellness Policy, the Food Service Department has developed a Classroom Party Menu featuring healthy choices such as fruit, fruit snacks, fruit juice, cheese portions, granola bars, and raw vegetables with dip. We will be glad to deliver your food order directly to the classroom.

Requests for food should be sent to the Food Service Manager at the school your child attends at least ten (10) days prior to the date our services are needed.

Please make your requests by contacting the food service manager at your child's school.

Franklin Community School Corporation Acceptable Use Policy (AUP) and Guidelines

Rules and Codes of Ethics Relating to School Computer Users
Available Franklin Community School Corporation website: <http://www.franklinschools.org>
Acceptable Use Policy

The Franklin Community Board of School Trustees and the Franklin Community School Corporation (FCS) are committed to the effective use of technology to enhance the quality of student learning and the efficiency of FCS operations. It also recognizes that safeguards have to be established to ensure that FCS's investment in both hardware and software is achieving the benefits of technology and inhibiting negative side effects. The goal in providing these services is to promote educational excellence by facilitating resource sharing, innovation and communication. The educational value of the Internet is the joint responsibility of students, parents and FCS employees.

This policy is established not only for proper acquisition of technology but also to ensure that staff and students are making appropriate and ethical use of the computers and other equipment as well as any networks that may be established. This policy is issued to students annually in the student handbook. Students of appropriate age are required to sign that they have read the student handbook. In addition, the AUP is available in every building in the district, on the network and on the FCS web site. A copy of the AUP will be provided to all new employees.

The provisions of this policy are subordinate to local, state and federal law. Students who do not abide by the AUP may suffer disciplinary action. Employees who do not abide by the AUP may also suffer disciplinary action, including, but not limited to, termination of their employment.

Acceptable Use Policy Guidelines

Telecommunications

Today's accessibility to computers and people all over the world bring with it the availability of material that may not be considered to be of educational value. On a global network it is impossible to control all materials and information. Eventually users may discover some information to be controversial, vulgar or otherwise inappropriate. Although FCS has incorporated Internet filtering software, there are no guarantees the user cannot access inappropriate sites. The educational benefits of the Internet far outweigh the negative possibilities.

Children's Internet Protection Act (CIPA)

FCS complies with the Children's Internet Protection Act by using filtering, tracking, and firewall technologies to monitor Internet activity.

Terms and Conditions

The Information Services Department (ISD) will provide technology components including hardware, software, access to the network and the Internet.

ISD has the responsibility to monitor and maintain security on all technology. All computers, telephone systems, electronic systems and voicemail systems are the property of FCS. FCS retains the right to access and review all components of these systems. Students and employees should have no expectation that any information contained on or in any of these systems is confidential or private. Information may be reviewed with or without student or employee knowledge or permission. The use of passwords does not guarantee confidentiality and FCS retains the right to access information in spite of the existence of a password.

When accessing the Internet via a FCS networked computer, every site visited and the duration of time spent at each site is logged and tracked based on the user's login and the computer that is being used.

Review of any logs, technologies and systems will only be done in the ordinary course of business for a legitimate reason. Searching for inappropriate use is a legitimate reason to review any logs, technologies, systems, computers or voicemails. Any information discovered would be limited to those who have a specific need to know that information. Administrators and supervisory staff authorized by the Superintendent have the authority to search and access information electronically.

1. Account Use:

Each technology user in FCS will be provided all necessary accounts. Accounts will be maintained and monitored by ISD.

- A. Users are responsible for their accounts and should take appropriate measures to prevent unauthorized access to their account(s) and equipment.
- B. Use of another user's account(s) is prohibited.

- C. Account passwords are to be distributed only to the individual account user.
- D. Copying, changing, reading or using files of another user without their consent is prohibited.
- E. Unauthorized access to system programs or computer equipment is prohibited.
- F. A student must have permission to use computer equipment and software.
- G. Students are not to use adult workstations without prior permission.
- H. Upon parent request, students will be provided alternative activities that do not require Internet use.
- I. Mass storage devices (CD, DVD, USB, etc.) may be used for personal and professional purposes. However, they are never to be used for storage, transfer, or use of materials that are inappropriate, illegal or in violation of copyright laws. The users creating or in possession of mass storage devices containing such material will be responsible for it.

2. Privileges:

The use of FCS technological systems is a privilege, not a right, and is subject to regulation, inspection, denial and discipline for misuse. The individual user accepts the responsibility for the ramifications and consequences of any inappropriate use of the account, and further accepts that the attitudes and perceptions of others can determine appropriateness.

3. Acceptable Use:

Use of network accounts should pertain to educational research or communications consistent with FCS educational objectives and policies. Therefore, Internet access will be limited to educationally appropriate sites during all assigned instructional or supervisory times. Personal use of accounts within the confines of the AUP may occur before 8:00am and after 3:00pm on school days and during any duty free time or on days school is not in session. The user, with the understanding that he or she may need to justify the site(s) to a peer, administrator, parent or the general public, determines educationally appropriate sites. Transmission of any material in violation of any U.S. or state regulation is prohibited at all times. Furthermore, students and employees are strictly prohibited from transmitting material that is copyrighted, threatening or obscene, or may be construed as political lobbying. At no time are FCS accounts to be used to receive or transmit any form of digital, electronic, tape or wireless transmission of material containing obscene, vulgar, threatening or inappropriate material.

4. Software Policies:

Software installation is the loading of a computer program(s) on workstations or network.

A. Software Programs:

- 1. ISD must be notified and grant permission prior to the loading of programs onto school owned computers. FCS is not responsible for programs not approved by ISD or any problems caused by or related to such programs. ISD reserves the right to delete any programs or files.
- 2. Unless otherwise stated in the software's license agreement, users cannot legally load software on more than one computer or onto the network.
- 3. Users may not load software on any FCS computer. The building TR/RA will install any software on any FCS computer. The software documentation must be accessible to the TR/RA at any time.

B. Purchasing Policies:

- 1. ISD must be informed of and approve all potential software purchases intended for any FCS workstation or network installation.
- 2. Corporation wide software is purchased with corporation funds via ISD and in most cases will be networked or Internet accessible.

5. Web Page Policies:

After receiving adequate training, FCS employees may create web pages. Each web page must have ISD approval. The creation of web sites by students must be done under supervision of an appropriate staff member. All web sites must reflect the professional image of FCS.

The purpose of such web sites is to create a technology rich environment that provides opportunities within the school community to communicate, gather and process information. The following criteria should be used to guide the development of web sites:

A. Educate:

Content provided in the web site should be suitable for and usable by students and teachers to support the curriculum and FCS's objectives as listed in the Corporation's Strategic Plan.

B. Inform:

Content may inform the community about the school, teachers, or departments, including information about curriculum, events, class projects, student activities and departmental policies and other FCS related events and activities.

C. Communicate:

Content may provide an avenue to communicate with the community. The information contained on the web site should reflect and support FCS's Mission Statement, Education Philosophy and the Academic Improvement Process. All links included on the pages must also meet the above criteria and comply with State and federal law (e.g. copyright laws, FERPA and CIPA). Under no circumstances is a web site to be used for commercial purposes, advertising, political lobbying or to provide financial gains for any individual. Web pages should reflect an understanding that both internal and external audiences will view the information.

D. Group Pictures:

Group photographs of a general nature may be used on the Internet for legitimate school purposes. A group picture is two or more people without any individual identifying description.

E. Student and Employee Information:

Web site(s) are not to provide personal information about students without written permission from the student's parent or guardian. Employees may provide personal information about themselves at their own discretion

6. Network Etiquette:

Users are expected to abide by the generally accepted rules of network etiquette. It is expected that staff members will provide guidance and instruction to students in the appropriate use of the Internet. These include, but are not limited to, the following:

A. Any speech transmitted by the use of a school computer does not constitute speech in a "Public Forum" and is subject to regulation by the administration.

B. Students and employees must use proper and courteous written language in messages. Vulgarities or any other inappropriate language is not allowed. Messages shall not contain profanity, obscene comments, sexually explicit material, or expressions of bigotry, racism, violence, threats or hate. All communications (i.e. list serves, e-mail, instant messaging, etc.) containing any material listed above are prohibited.

C. Students are prohibited from broadcasting, instant messaging or chatting with other users inside or outside of the FCS network unless given explicit permission by an appropriate staff member.

D. It is prohibited to access, upload, download or distribute violent, threatening, pornographic, obscene, sexually explicit or inappropriate materials. Circumventing the CIPA filter by use of a proxy or other means is strictly prohibited.

E. Students shall not reveal personal information about themselves or others. If it is deemed necessary for employees or students to reveal student personal information, written permission from the student's parent or guardian must be obtained.

F. Employees may provide personal information about themselves at their own discretion. Employees are not to provide protected information about other employees without permission from that employee. Public information about employees that may be provided by other employees includes name, position, grade or subject taught, e-mail address, phone number of school/building,/office/classroom, extra curricular responsibilities and verification of employment.

G. E-mail is not private and can be examined by the System Administrator when necessary. E-mail relating to or in support of illegal activities shall be reported to the authorities. The forwarding of chain letters is prohibited

without the consent of the recipient(s).

E-mail is accessible to students on a limited basis under teacher supervision, with exception of high school students. High school students shall not mass e-mail without the approval of high school administration. Mass e-mail is defined as any unsolicited mailing in which the message is sent to a subset of Franklin Community School Corporation addresses.

- H. The network shall not be used in such a way as to disrupt its use by others. Outside of ISD personnel, installing any technology onto the network is forbidden. Communications and information accessible via the network is the property of FCS and is not the private property of any individual.
- I. Copying, downloading, etc., without the implied or direct permission of the provider or in violation of any state or federal law, including copyright laws, is prohibited and may result in disciplinary action.
- J. Although users are encouraged to use shared drives established by ISD (i.e. "Q") for cooperative work, the process of enabling file sharing via the network is prohibited. This includes web-based software such as Imesh, Napster or the like.

7. Warranties and Responsibilities:

FCS makes no warranties of any kind, whether expressed or implied, for the services it provides. FCS will not be responsible for any damages suffered for any reason, including loss of data for any reason. Use of any information obtained via the network is at the users own risk. FCS is not responsible for the accuracy or quality of information obtained through this service.

8. Vandalism:

Vandalism is defined as any attempt to harm or destroy data or equipment. This includes, but is not limited to: the creating or transferring of computer viruses, changing of system defaults or passwords, destroying network data or damaging computer equipment. Anyone responsible for vandalism is subject to denial of privileges, discipline, and repair or replacement cost.

9. Unsolicited On-Line Contact:

Students of FCS are prohibited from responding to any unsolicited on-line contact. It is the student's responsibility to notify an instructor of any such instance. The instructor will then notify ISD. Although Internet filtering is used by FCS, some materials accessible via the Internet may contain items that are illegal, defamatory, inaccurate, violent, sexually explicit, or potentially offensive to some people.

10. Commercial Use by Students:

Goods and services purchased by students via the Internet could result in unwanted financial obligations for which students and their parents or guardians may be liable.

11. Indemnification:

In consideration of FCS providing the user with access to computer equipment, software, and the network, employees, students and student's parents and guardians agree to hold FCS harmless. All parties involved agree to indemnify FCS from any and all liability; loss or damages FCS may suffer as a result of claims, demands, attorney's fees, costs or judgments against FCS arising out of the user's violation of this policy.

12. Consequences:

Violations of this policy may result in disciplinary action by FCS. It is a criminal act under Indiana law to access a computer system and/or damage or alter a computer program, data, or hardware without the consent of the computer owner. Indiana Code § 35-43-1-4 defines computer tampering, a Class D felony, as the knowing or intentional alteration or damage to a computer program without the consent of the owner. Indiana Code § 35-43-2-3 defines computer trespass, a Class A Misdemeanor, as a knowing or intentional access to a computer system network or a part thereof without the consent of the owner. Additionally, there are other criminal offenses dealing with theft and criminal mischief with similar or greater penalties of imprisonment.

In accordance with the Elementary and Secondary Education Act, Section 1111(h)(6) *PARENTS' RIGHT TO KNOW*, this is a notification from Franklin Community School Corporation to every parent of a student in a Title I school that you have the right to request and receive information in a timely manner regarding the professional qualifications of your student's classroom teachers. Pesticide Use at Schools Rule – 357 IAC 1-16

The purpose of Rule 357 IAC 1-16 is to minimize the potential for pesticide exposure to students at schools. This rule is put in place to establish requirements for those who apply pesticides at schools, to establish restrictions on the use and storage of pesticides at schools, to establish a record keeping requirement for pesticides applied at schools, and to establish a parent, guardian, and staff registry and notification requirement for pesticides applied at schools.

Typical facility maintenance requires the use of pesticides from time to time. Effective pest management and appropriate landscaping maintenance and turf care involve the use of pesticides. Although we are not able to eliminate the use of pesticides completely, we will make every effort possible to apply these types of products during the summer months and/or during other extended break periods.

FCS is committed to the safety of all students and staff. As part of the rule, FCS must provide 48 hours advance notice before applying pesticides. FCS will notify all registered parents, guardians, and staff members of these applications. To request notification you must register in the office at your school building. The registry will ask for your name, phone number, and email address. You may request to be added to the registry at any time during the year.

For more information please contact Bill Doty, Director of Operations, at 317-346-8741 or at dotyw@franklinschools.org

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Franklin Community Schools (“School”) receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the [School] to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Franklin Community Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Franklin Community Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. (§ 99.31(a)(5))
