

COLLABORATION

Alysha Sherry organized a blessing bag challenge for the students at Creekside Elementary. Students and families purchased items and also reached out to the local businesses and residents for help. The items were donated to KICK-IT, Franklin Schools and other local outreach programs that were distributed during the holiday season. Students assembled the blessing bags and included an encouraging note. The blessing bags included non-perishable items that could fit into a gallon-size Ziploc bag. The students filled up more than 600 bags?

COLLABORATION

Laura Perry started “Have a Nice Day” at Needham Elementary. Needham parent volunteers welcome students in the morning by giving words of encouragement, giving hugs and high fives to start their day.
