INDIVIDUAL STUDENT GROWTH

Luke Sherry GIVING HEART

Luke decided on his own to ask his friends to donate money in lieu of gifts for his birthday to purchase a new Xbox for his friends that lost their game system in a house fire. The boys were at the party and had no idea that Luke was doing this. After the party, Luke was able to purchase the Xbox and deliver it to the boys that evening and helped them set it up. When he handed the boys the box and saw their faces light up he was glad that he had been so generous and it was a valuable lesson on what it means to lose everything.
