Fifth grade social studies students in Mrs. Ramey's class used Google Expedition to travel all over America.

Swimming for 6th-8th grade will begin when we return from fall break. A sign up sheet will be posted outside the cafeteria on Monday, October 21. You must have a physical on file to participate.

Weekly ChromebookTip

Media should work for you and work within your family values and parenting style. When media is used thoughtfully and appropriately, it can enhance daily life. When used inappropriately, media can displace many important activities such as face-to-face interaction, family time, outdoor play, exercise, unplugged downtime, and sleep. By creating a Personalized Family Media Use Plan, you can be aware of when you are using media to achieve your purpose. This requires parents and users to think about what they want those purposes to be. This tool will help you create goals and rules that are in line with your family's values. Create your own plan [HERE](#).
