

Parents,

Thank you so much for helping us out with the car line at the end of the day. Our top priority is the safety of your children. By following a few guidelines, we have been able to make afterschool dismissal a little bit smoother.

- Please do not bring your pets up to the building when you pick up your children. This is a safety issue.
- If you choose to park in the parking lot and walk up to get them, please cross the drive to get them. They will not be allowed to cross the drive without you. This is due to the fact that students were running out to the parking lot without parents.
- If you are waiting in the car line, please pull up to the stop sign OR as far as possible before stopping to let your child in the car. We try to get you through the line as quickly as possible. We appreciate you waiting in the line and understand that you are being very patient.
- If you choose to park your car and walk across, please make sure that you are parking in an “actual” parking spot. Please do not park along the curb. We also ask that you only park in the front parking lot.

Thank you!
